### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

Bryan et al. shows a method and apparatus for separating a pair of bonded semiconductor wafers but the fluid pressure can only be directed to the edge surface of the wafers. Bryan et al. also fails to show a cavity with lowered air pressure.

The newly cited references to Fonash et al. and Lee et al. each show the use of through holes in a laminate to access a bonding interface, but neither of the references is prior art against the instant invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mark A Osele whose telephone number is 571-272-1235. The examiner can normally be reached on Mon-Fri 9:30-6:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Richard Crispino can be reached on 571-272-1226. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
